The News.

The news from the States comes down t the 27th ultimo. There are no very important details of the battle of Fredricksburg in addition to what we have already published; except it be that Burnside takes upon himself the responsibility of bringing on th battle. The Confederates had moved down the river weakening their centre; but before Burnside could cross they were in strength sufficient to repulse him. A rumor of Burnside having sent in his resignation was no believed. Nothing is reported as to the in tentions of the belligerents at Fredricksburg Lee's army is put down at 75,000. Alor the Atlantic coast from the Potomac to Say annah, large Confederate armies are scatte ed, showing a determination to oppose man fully the invasion of the Federals. Gen. Foster (Federal), has been successful in four battles on the border of North Carolina and Virginia. Great activity seems to prevail on the Confederate side all along the Atlantic coast, doubtless in expectation of Federal expeditions. Kentucky and Tennessee ap pear to be in a terrible state from rebel raids and Federal armies. No very serious battle had occurred, although a great battle waimpending between Rosekrans and Brage Important news from Southern Tennessee may be expected by next advices. Along the Gulf States nothing important has occurred. Butler is to be succeeded by Banks with an army of 70,000 men. The object is said to be the capture of Mobile, whilst suspicion is aroused that France may make descent in that quarter in aid of the Confederates. Not likely, however. France seems to have enough to do in Mexico without interfering in behalf of the Confederates at this juncture. What may occur when the Mexican job is off her hands, is another question. She appears to be gathering a arge force in Martinique in the French Wes Indies. Quite a sensation has been created by the capture of the Vanderbilt steamer Ariel by the Confederato steamer Alabama

The S. F. Bulletin, in a savage article or the subject, calls the Alabama " the English pirate Alabama." It might just as well restrain its impotent wrath, and speak respectfully and correctly, for the exploits of the Alabama and her dashing commander Semmes, entitle her to a different designation than that of "pirate," and certainly not that of an "English pirate." The last land-pirates and sea-pirates sailed out of the United States under Lopez and Walker for Cuba and Nicaragua; and if a little wholesome hemp had been used on those occasions it might have cured the restlessness that has culminated in Secessia. The best refutation of such silly epithets applied to England, lie in the fact that the Mexican Embassy has protested against France obtaining supplies from the States, and has got no satisfaction-France being allowed to buy all the supplies she car pay for, to aid her in whipping Mexico. Suc principle endorsed by the Washington Cab inet is an American one-is a right that a neutral power always exercises the world who can;" yet not one of the 400 war vesselof Secretary Welles have been able to cap ture her. Let the wrath of the Bulletin di rect its bitterness on the U.S. Navy Department; not waste itself in epithets, or in a senseless tirade against England. Two subjects have never failed to command as audience in the States: The greatness o the American people; and attacks upor England. The Bulletin has dipped its pen in the venom of the latter.

off the east end of Cuba.

The battle of Fredericksburg has brought about a crisis in the Cabinet at Washington Seward and Chad had resigned, but have been induced by Lincoln to withdraw their resignations. Mismanagement in the War Department seems to be the cause of the Cabi net difficulties. The ultras-the clear grit Republicans, the fight-it-out party, are press ing for a change in the Administration. From the tone of the telegrams it is not improbable that they will win. If the President does not give way, it is likely he and his Cabinet will be on one side, and the majority of Congress on the other. Whether the emancipation proclamation has had any thing to do with the Cabinet difficulties is not disclosed. Nevertheless, it is said that Lincoln will issue it. The next news ought to bring us a copy. We observe no sign of a cessation of hostilities, though the Tribune affirms that the South is willing to return under Democratic rule. Treasurer Chase, to show that the Government intend to fight it out, asks Congress to pass a bill granting \$900,600,000. Such is not a very peaceful looking item in

A Mistake. A Mistake.

Editor British Colonist-Sir:—Having seen an advertisement in your paper this moraling heatled "Victoria Theatre." I beg to contradict the statement therein made, respecting my "double success" I admit I won the silver plated Goblet, but up to the present am a single land object that the properties of the theatre asserts I have done. In inture I would advise the propeletors of the theatre here to adhere to the truth in their advertisements, and their success will not be lessened in the least oy so dening.

MONDAY, Jan. 5, 1863:

Council met at 7:25 p. m. Present—His Worship the Mayor and Messrs. Stronach, Copland, Reid, Lewis and Hicks. On the motion of Capt. Reid, proceed-ings were adjourned until Wednesday (to-morrow) evening at 7 o'clock.

THE DISTRESS IN LANCASHIRE.-We pe ceive by the latest advices that about two hundred thousand operatives were receiving parochial relief and one hundred and fifty thousand more getting aid through one o ther of the various channels of charity Not a day passes but many hundreds are added to the list. The sufferings of the pecple are described as most heartrending, although great exertions are employed to every agency brought into requisition has not been sufficient to grapple with the mag-nitude of the calamity which has overtaken the unfortunate sufferers by the cotton famine The embarrassed districts contain a population of two millions an a half, and if the lation of two millions an a half, and if the distress contines much longer, it is thought traders and householders will have also to yield to the pressure of the poor rate now being levicd upon them. The accounts published of the scenes of hunger and destitution which are witnessed throughout Lancashire and part of Cheshire are harrowing to read.

Victoria Theatre.—The performance at the theatre last evening was very good indeed. A worderful improvement is visible in the bringing out of the various pieces now produced. One can now go for an evening's at passed, tore up the track for a considerable distance. amusement without being disappointed. To able distance. night there is to be a great bill. The first piece performed will be the "Idiot Witness," in which Messrs. Reoves and Wilson, late of in which Messrs. Reves and Wilson, late of London theatres, will appear, assisted by Messrs. Havelock and Mortimer. After which the historical drama of "Norah Creina" or "the White boys of 1798," in which Miss Mitchell will appear in her great character of Norah Creina. Mr. Waldron will take that of Roderick O'Connor. The part of Timothy Tit will be taken by Mr. Mortimer. Mrs Waldron will appear as Widow Braly. After the dance by Mr. Baily, the evening will conclude with the burlesque of "Bombastes Furioso," in which two live jackasses will figure.

28 patients in this institution, two of whom lay dangerously ill in the small-pox ward. Three convalescents left the latter building on Sunday, and we are informed by the on smaay, and we are informed by the Superintendent that they were in by no means a fit state to enter any of the boarding housea in town. They had still upon them scabs of the sores left by the disease, and so of course infection might be easily converse. Some senten negations are conveyed. Some sanatory precautions mus be adopted by the City Council, as they have full authority to make the necessary regulations, and upon them rests the entire respon sibility of dealing with this important matter

UNGRACIOUS .- An old man named D Whitehead was sentenced yesterday morning in the Police Court to a fine of five shillings the penalty for having been drunk and disor derly. His friend John Butts attended a the jail shortly after to pay the fine, but the offender for some time insisted upon declining the professed aid, and serving the six hours (ordered in case of default) in a cell. THE CHASE.

At about 2 o'clock, P. M., on Sunday, the 7th enemy were posted five miles from the place, but by a heavy attillery fire in front and an infantry attack on both flanks, we succeeded in forcing a passage without much loss. On the morning of the 14th our troops advanced and found the general posted in positions as infantry attack on both flanks, we succeeded in forcing a passage without much loss. On the morning of the 14th our troops advanced and found the enemy posted in a position so well chosen that very little of our artillery could be brought into play. The main attack, therefore, was made by the infantry. After a five hours' fight the enemy were driven from their position, closely followed by one statement. be put on. The propeller hoisted the American Idag and yave chase. The Aricl, a slow craft, was going only about 8 knots an hour, and the Alabama, under steam alone, at II knots. When she gave chase she was only about 4 miles off. She soon got close to the Aricl, when she hoisted the Confederate flag and fired a blank shot. The Aricl paid no atention, but kept on, when she fired two shells simultaneously, one a steel-pointed one, which explodes immediately on straking an object, and the other a common fuse shell. Fortunately the steel-pointed shell passed over the vessel, but the round one struck the foremast above the hurricane deck, cutting away nearly the size of the shell. The 140 marines and officers on board the Ariel at this time were drawn up for resistance, which Capt Jones insisted upon making; but Com. Sartori and Mij. THE CAPTURE—THE U. S. MARINES PAROLED— SMALL BOOTY GOT. SMALL BOOTY GOT.

Soon Licut. Lowe, a young officer, came on board and called for the ship's papers, manifests, etc., which were given him—assuring the passeners, who were very much frightened, that not a hair of their head should be despoiled, and not a state of their head should be despoiled, and not a state of their head should be despoiled, and not a state of their head should be despoiled, and not a state of their head should be despoiled, and not a state of their head should be despoiled. officers should be paroled "not to serve against the Confederate States, nor is any manner serve the United States during the war," which, of course, had to be agreed to. The money on board the shio was then demanded, and \$5,000 in Treasury Notes, belonging to Wells, Fargo & Co., and \$1,000 in coin, belonging to other parties was taken. Being assured that the Ariel had no letter mail, the sacks were not overhauled. The sacks of Wells, Fargo & Co., those of the Panama Railroad Company, and the State Department sacks for the U.S. Consul at Aspinwall, all came safe to hand.

NEW YORK, Dec. 20.—The Herald says editorially that Banks is to supersede Butler at New Orleans. He will command an army of 70,000. One of the objects of the expedition is to capture Mobile, while others are to CAPT. SEMMES "DOWN" ON COM. VANDERBILT, CAPT. SEMMES "DOWN" ON COM. VANDERBILT,
The sails of the Ariel were cut away and thrown overboard, and that was all the injury done to the vessel. Capt. Semmes sent for Capt. Jones, who went immediately on board the Alabama, where he was received most courteously, but was told that his passengers would be landed and the vessel burned. He first proposed to land them in a little spot on San Domingo, where there was only a few luts. Capt. Jones remonstrated, string that nothing could be had there, and half his passengers must perish. Semmes then said he would land them at Kingston. He complained bitterly of Com. Vanderbilt—said he had given one of the finest ships in America to the Government to run him down, and he would in revenge destroy everything belonging to him that he fell in with. WASHINGTON, Dec. 22.—Thus far about 7000 wounded have been brought here from Fulmouth, Vn. Nothing of importance or interest from the Army of the Potomac came esterday. No new movements of the enemy ave been observed. The statement that Burnside has tendered his resignation is not believed by members of his staff, and is CAIRO, Doc. 22 .- It is yet in doubt as to CAIRO, Dec. 22.—It is yet in doubt as to the amount of injuries done to the Mobile and Ohio railroad by the rebel raid. WHEN TIRED, THE PIRATE LETS THE PRIZE GO On the Sth, Monday, stood for Jamaica, chasing vessels eccasionally as before, and so up to Tuesday night, at 10% o'clock, when a light was made near Kingston. All this time Capt. Semmes seemed at a loss to know what to do with the Ariel, with her 800 souls, as if he had won an elephant in a raille. He finally let go his hold on her and she proceeded on her voyage. To a question of Capt. Jones if he would be allowed to go into Kingston for water, Semmes answered yes.

HE TAKES BONDS, FIRST, FOR \$263,000, PAYABLE TO THE CONFEDERATE GOVERNMENT.

I forgot to say that Capt. Jones bonded the vessel and cargo to the Confederate Government-the vessel for \$125,009, cargo \$123,009, freight \$12,000, payable thirty days after the independence of the Confederate States. Out the slow "manifest of the Ariel.

There should be an arrangement at ones by which the Government shall send a war steamer once a month to Aspinwall to take home all the California treasure. It is not even safe at the wharf in Aspinwall. The best and safest place in the world for Semmes to lie in wait for California gold is under the land at Porto Bello, only fifteen miles from Aspinwall.

The Alberni saw-mills in Barclay Sound are continually loading vessels with lum-ber and spars for market in Australia and China. Holloway's Ointment. A Cure for Piles and Fistulas.

Coughs, Colds, and Asthma. Coughs, Colds, and Asthma. These complaints of the chest come on with alarming frequency. The Ontaient should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms will gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient in chest complaints, none can be used with equal safety and certainty. Both Pills and Ontrneut are accompanied by very clear and simple directions for using them.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsies, whether windy or watery, arise from some obstruction to the free ornal atton though the blood vessels or lymphatics, or depend on the inflamed state of some secreting surface. Holloway's remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretious, with a power that no dropsy thousever involved act, and long resist. They regulate thousever involved act, and long resist. They regulate it likewise,—they filter out every thing, then they do in jurious,—they thoroughly reguerate every time.
